

Seeka

Investor Presentation - November 2018

Disclaimer

Information of a general nature: The information in this document and any information provided during any presentation of this document (collectively, “**Information**”) has been prepared by Seeka Limited (“**Seeka**”) solely to provide interested parties with further information about Seeka and its business and activities as at the date this document was prepared. No part of the Information may be reproduced or provided to any person or used for any other purpose.

The Information is of a general nature only and does not constitute financial product advice, investment advice or any recommendation by any person (including the underwriter). Nothing in the Information constitutes legal, financial, tax or other advice.

No financial product advice: The Information does not constitute, or contain, an offer of securities or financial products to any person. This document does not constitute a product disclosure statement or other disclosure document for the purposes of the Financial Markets Conduct Act 2013 or any other applicable law. No legal or other obligation will arise between an interested party and any of Seeka, its related companies, or any other person, in relation to the Information. The Information does not purport to contain all the information that an interested party may require and does not take into account any particular interested party's objectives, financial situation, circumstances or needs. An interested party should conduct its own analysis of the Information and should not rely on it without independent verification.

Distribution of document: This document, or any part of it, must not be reproduced or distributed in any jurisdiction or used for any other purpose to the extent that its reproduction, distribution or use is restricted or prohibited by law or would constitute a breach by Seeka of any law.

Past and future performance: Past performance information contained in the Information is given for illustrative purposes only and is not an indication of future performance. The Information may contain forward looking statements with respect to the financial condition, results of operations, business prospects, and business strategy of Seeka. Information about the future, by its nature, involves inherent risks and uncertainties. Seeka gives no assurance that the assumptions upon which Seeka based its forward looking statements on will be correct, or that its business and operations will not be affected in any substantial manner by other factors not currently foreseeable by Seeka or beyond its control. Accordingly, Seeka can make no assurance that the forward looking statements will be realised.

Financial information: All dollar values are in New Zealand dollars unless otherwise stated. This document includes prospective information for Seeka for its financial year ending 31 December 2018. This prospective information is based on unaudited management accounts for the nine months to 30 September 2018 and Seeka management estimates for the three months to 31 December 2018. As such, this document should be read in conjunction with, and subject to, the explanations and views of future outlook on market conditions, earnings and activities given in the announcements relating to the results for the year ended 31 December 2017, the six months ended 30 June 2018 and any relevant market announcement released since the six month results were released on 23 August 2018.

Non-GAAP financial information and market & industry data: Seeka uses, and this document includes, non-GAAP financial measures when discussing financial performance. This information has been included on the basis that Seeka management considers this non-GAAP information assists with an understanding of the key drivers of Seeka's performance which are not disclosed as GAAP measures in Seeka's financial statements. Non-GAAP financial measures should not be viewed in isolation nor considered as a substitute for measures reported in accordance with NZ IFRS.

The Information may contain market and industry data obtained from research, surveys or studies conducted by third parties, including industry or general publications. None of Seeka, any person named in this document or any of their affiliates have independently verified any such market or industry data.

Disclaimer: To the maximum extent permitted by law, Seeka and any of their respective subsidiaries, related companies, shareholders, directors, officers, employees, partners, agents or advisers, or any other person, make no representation or warranty, or provides any undertaking, in relation to any Information and they shall have no liability (including for negligence) for: any errors or omissions in the Information; or failure to correct or update the Information, or any other written or oral communications provided in relation to the Information; or any claim, loss or damage (whether foreseeable or not) arising from the use of any of the Information or otherwise arising in connection with the Information.

By receiving this document or the Information, you agree to the above terms and conditions.

Presenting today

Michael Franks C.A.

CEO

Previous experience:

- Appointed Chief Executive Officer in 2006
- Started with Seeka in 2003 as Chief Financial Officer

Stuart McKinstry C.A.

CFO

Previous experience:

- Appointed Chief Financial Officer in 2006
- More than 25 years' accounting experience in both public practice and industry

Seeka's key investment attributes and strategy for growth

1

Seeka is a premium produce company with a strategy to become New Zealand's leading orchard to market business

2

Seeka provides an investment entry point to New Zealand kiwifruit and avocados and is poised for further growth

- Targeted varieties - kiwifruit, avocados, nashi, pears
- Geographically spread - including New Zealand; Bay of Plenty, Coromandel and Northland; and Australia
- Integrated services from orchard to customer

3

Capital invested to increase supply and processing capabilities

4

Reliable cash-flow, now gearing the company for further growth

Orchard-to-Market Excellence

Seeka is an international fresh produce business

In Australia:

- Grows, processes and markets
 - Kiwifruit
 - Nashi pears
 - European pears

Largest grower of
kiwifruit in New Zealand
and Australia

Australia's largest
nashi grower

In New Zealand:

- Grows, processes and markets¹
 - Kiwifruit²
 - Avocado
 - Kiwiberry
 - Kiwifruit pollen
- Develops, leases and manages orchards
- Manufactures
 - Kiwi Crush, avocado oil
- Imports, ripens and supplies
 - Bananas, tropical fruit
- Wholesales
 - Seasonal produce

1. Seeka also processes citrus and berries
2. NZ kiwifruit is predominantly marketed by Zespri

Seeka Update

Seeka provides an update on its Northland Orchard sales and reiterates its guidance for FY18

- Seeka has announced Northland horticultural land holding sales¹. Settlement of these sales is not subject to Overseas Investment Office approval. Further sales are expected to take place in the next twelve months
 - Seeka expects to receive proceeds on the sale of three contracted orchards and complete the purchases of Kerifruit Farm, Whites, Nautilus and Hendl orchards prior to 31 December 2018 (net purchase cost of \$9.7m)
 - In FY19, Seeka expects to receive proceeds of two contracted orchards sales and to sell the Kerifruit Farm and Kapiro orchards (net proceeds of \$17.4m)
- Net proceeds from the Northland land sales will reduce Seeka's debt and aid the completion of its current capital expenditure programme
 - Through the land sales and other capital initiatives, Seeka intends to target net debt to normalised LTM² EBITDA of 1.5x – 2.5x, noting the requirement for flexibility from time to time given Seeka's seasonal investment cycle

Earnings guidance for FY18 EBITDA of \$24.0m - \$25.0m

- Kiwifruit volumes guidance of 31.2m trays for FY18³, up from 25.6m trays in FY17, reflecting return to more normal growing conditions
 - EBITDA guidance of \$24.0m - \$25.0m, up between 4% - 8% on FY17 EBITDA of \$23.1m
 - NPAT guidance of \$6.5m - \$7.2m, up between 12% - 24% on FY17 NPAT of \$5.8m^{4,5}

1. Seeka has now entered into sale agreements for \$15.9m of orchards, of which \$12.1m are orchards acquired from Turners & Growers Horticulture Ltd. Negotiations continue for the sale of the remaining orchards

2. LTM = last 12 months

3. Seeka management

4. NPAT is based on normal tax rates applying in New Zealand and Australia. The increase of 12% - 24% in NPAT against 2017 is due to a number of non-recurring negative adjustments that occurred in 2017. This included a \$2m impairment of goodwill and a \$1m deferred tax adjustment

5. Subject to any valuation or impairment adjustments and at notional NZ and Australia tax rates

Company Overview

Seeka's operating segments

Orchard Division, New Zealand

Growing kiwifruit, avocado and kiwiberry from more than 220 orchards via managed, lease and long-term lease contracts with third party owners. Operations include:

- 1,019 hectares of kiwifruit, 89 hectares of avocado and 7 hectares of kiwiberry in FY18¹
- 10.4m trays of class 1 kiwifruit in FY18²
- Operating a small number of directly or partly owned orchards
- New orchards in development on long-term-leased land
- Syndicating avocado orchards in Northland

Seeka's growing arrangements³
FY18A

1. As kiwifruit is harvested between April and May, kiwifruit harvested in HY18 will represent total amount of kiwifruit harvested in FY18. Avocado hectares relate to producing hectares for the FY18/FY19 harvest
2. Seeka Interim Report, June 2018, p6, Orchardling
3. Seeka internal reporting, harvest 2018 producing hectares
4. Seeka Annual Report, 2017, p74

Post-harvest Division, New Zealand

Contract service to harvest, pack, coolstore and ship fruit from more than 700 orchards, including from Seeka's orchard division operations and independent growers (kiwifruit, avocados, kiwiberry, citrus and berries). Operations include:

- Seven pack house sites⁴
 - Northland (1)
 - Coromandel (1)
 - Bay of Plenty (5)
- Food processing site producing Kiwi Crush, avocado oil and kiwiberry
- Innovation excellence that delivers new engineering options
- The latest technology reducing manual handling costs
- Toll processing business model, increasing volumes results in increasing profits

Seeka's operating segments (continued)

Retail Services Division, New Zealand

Markets local and imported produce in New Zealand, exports to Australia and international markets, along with selling high value functional foods. Operations include:

- Marketing fruit that is not supplied to Zespri
- Importing fruit for the New Zealand market and providing retail services
- Marketing product from Seeka's Delicious Nutritious Food Company and manufacturing the premium functional food Kiwi Crush

1. At full allocation

2 Seeka internal reporting, FY18 represents actual hectares in production for the FY19 harvest

Seeka Australia

Owns nine orchards, a block of land for future orchard development and two post-harvest facilities that supply the Australian and export markets. Operations include:

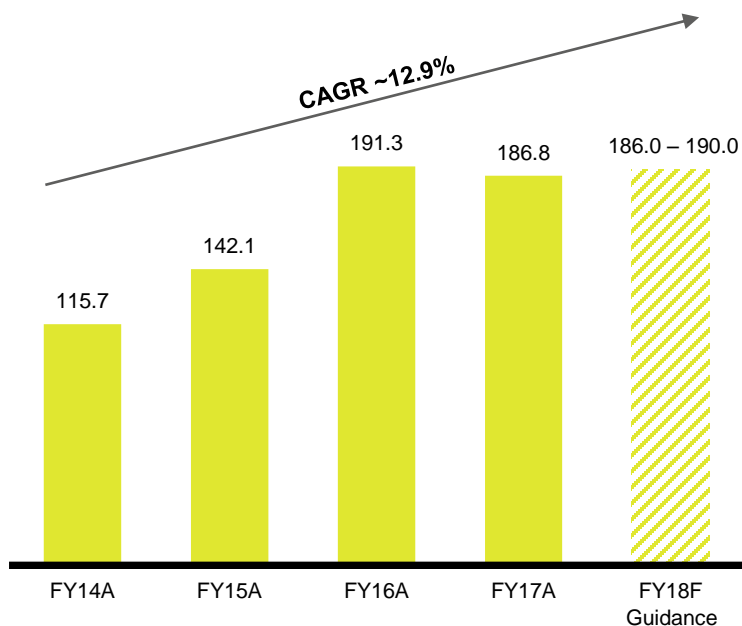

- Land, orchards and post-harvest facilities in Shepparton
 - 628 hectares of land of which:
 - 206 hectares in production
 - 80 hectares in development
 - 278 hectares with development potential
- Access to water: 2,655 mega litres of high priority and low priority water shares¹
- Produce kiwifruit, nashi, pears, and stone fruit with new kiwifruit and pear developments

Projected producing hectares ²	FY18A	FY23F
Kiwifruit	99	146
Nashi pears	63	72
European pears	35	47
Avocados	0	2

Financial snapshot

Seeka has delivered consistent revenue growth over the past four years with the industry recovering from the kiwifruit disease Psa. FY18 revenue represents a recovery from a smaller green kiwifruit harvest in FY17¹

Total revenue
NZ\$million

Total EBITDA
NZ\$million

1. FY18 revenue guidance is also down due to change in banana contract and reduced supply in the first six months
2. Seeka FY17 Annual Report

Key metrics of Seeka's operating segments

New Zealand Orchard, New Zealand Post Harvest, New Zealand Retail Services and Seeka Australia

Revenue by segment¹ NZ\$million

	FY15A	FY16A	FY17A	FY18F guidance
New Zealand Post Harvest	88.3	110.8	96.7	116.0 – 117.0
New Zealand Orchard	42.3	47.9	48.6	42.0 – 43.0
New Zealand Retail Services	9.6	16.8	24.3	13.0 – 14.0
Seeka Australia	1.2	15.2	16.5	15.0 – 16.0
Other	0.7	0.6	0.7	-
Total	142.1	191.3	186.8	186.0 – 190.0

EBITDA by segment² NZ\$million

	FY15A	FY16A	FY17A	FY18F guidance
New Zealand Post Harvest	13.3	26.8	22.0	30.6 – 31.4
New Zealand Orchard	4.0	5.6	6.4	3.4 – 3.6
New Zealand Retail Services	1.7	1.9	2.9	1.5 – 1.6
Seeka Australia	(1.4)	1.0	2.3	0.1 – 0.2
Corporate	(3.7)	(10.6)	(10.4)	(11.6) – (11.8)
Total	13.9	24.8	23.1	24.0 – 25.0

New Zealand orchard supply arrangements³ Hectares, FY18A

	Kiwifruit	Avocado ⁴	Kiwiberry	
Contract supply	1,691	332	7	2,030
Managed	573	56	3	632
Orchard lease	375	6	4	385
Long term lease	71	27	-	98
Total	2,710	421	14	3,145

Seeka Australia owned orchards and land⁵ Hectares, FY18A (all fruit)

	FY18
Production	206
Currently in development	80
Potential development land	278
Bare land	64
Total	628

1, 2. Seeka Annual Report 2017, p22. Seeka Annual Report 2016, p20

3. Seeka management. Orchard operations do not reflect recent sales of Northland orchards

4. Avocado FY18A number relate to producing hectares for the FY18/FY19 harvest. Source: Seeka management

5. Australia hectares reflect the current development plan and producing hectares for the FY19 harvest

Seeka's Lease Arrangements

Current “short term” orchard leases

2018F	Trays (000s)	OGR ¹ / Tray	OGR / Hectare
Green HW	3,705	\$5.6	\$65,800
Green HW – Organic	121	\$7.9	\$71,600
Gold GA	727	\$10.3	\$133,900

Seeka's “short term” orchard lease characteristics

- Seeka currently has 375 hectares of kiwifruit under orchard lease, 6 hectares of avocado and 4 hectares of kiwiberry (see page 11)
- Three year lease term, with approx. 1/3 renewing each year
- Seeka pays a base land rental and all operational costs, along with a profit share to the land owner
- Typical operating costs, growing, harvest & management²:
 - Green = \$32,800 per hectare per harvest year
 - Gold = \$44,100 per hectare per harvest year

Kiwifruit trays produced under long term leases³

Kiwifruit trays produced (000s)	2018A	2019F	2020F	2021F	2022F	2023F	2024F
Trays produced under existing leases	600	600	600	451	451	359	359
Trays produced under new leases	-	-	5	50	248	398	606
Total trays produced under long term leases	600	600	605	501	699	757	966

The number of kiwifruit trays produced under long term lease are forecast to increase from now through to 2024F. This is driven by production under new long term leases

Seeka's long term leases

- Leases are typically for 20 – 25 years
- Seeka develops the orchards, pays a base rent, receives all income and pays operating expenses
- Seeka currently has 98 hectares under long term lease in full operation (71 of kiwifruit and 27 of avocado) (see page 11)
- 18 hectares of existing long term leases are due to expire between 2020 – 2022. Another 25 hectares are due to expire in 2025

Current orchards in development – long term leases Total hectares in production

	2020F	2021F	2022F	2023F	2024F
Gold GA (ha)	1.1	1.1	13.1	19.9	23.7
Green HW (ha)	-	7.0	20.7	25.7	25.7
Avocados (ha)	-	-	20.0	20.0	20.0
Total	1.1	8.1	53.8	65.6	69.4

- There are currently 69.4 hectares of kiwifruit and avocado in development with first crops expected from 2020 through to 2024

1. Orchard Gate Return – this is the orchard revenue after post harvest packing and cool store charges. This is the forecast OGR as at October 2018

2. This excludes the profit sharing arrangement and base rental

3. Excludes 24 hectares or leasehold orchards assigned to Seeka under the transaction with Turners & Growers Horticulture Limited

Industry Outlook

New Zealand is the world's largest kiwifruit exporter and achieves premium pricing¹

Seeka is a key supplier to the global kiwifruit trade

- Through Zespri, New Zealand is the world's largest kiwifruit exporter capturing 44% of the market value in 2017²
- Seeka had a 21% market share of New Zealand kiwifruit production in 2017 (and more than 80% of Australia's production)³
- 15.3% CAGR in export value of New Zealand kiwifruit from 2013/14 to 2017/18⁴
- New Zealand is growing its global kiwifruit trade and is one of the fastest growing kiwifruit exporters, up 79.4% from 2013 to 2017⁵
 - Growth includes using plant variety right protected fruit such as SunGold (gold) which commands premium pricing and a better market mix over green kiwifruit
- Strong consumer demand for New Zealand kiwifruit in Asia
 - 214,540 tonnes exported in 2015, NZ's largest kiwifruit market⁶
 - Strong export value growth to China (18.3% CAGR) and Taiwan (9.4% CAGR) from 2009 to 2015⁷

New Zealand captured 44% of total kiwifruit export value in 2017⁸

Asia remains New Zealand's largest kiwifruit export location by value⁹

1. Zespri 5 year outlook, November 2017
2, 5, 8. World Top Exports, July 2018
3. Seeka management
4. Zespri Annual Review 2017/18, p17
6, 7. World kiwifruit review 2016, Belrose Report, p43
9. FreshFacts – New Zealand Horticulture 2017 Report, p11

The supply of New Zealand kiwifruit is growing

Seeka benefits from higher kiwifruit volumes

- Kiwifruit volumes increasing with Zespri planning to sell 750 hectares of gold licences per year for the next four years¹
 - New orchards are being developed, along with existing orchards being converted to gold
- Gold kiwifruit yields higher volumes than green kiwifruit
 - Higher orchard revenues
 - Higher post-harvest revenues
- Seeka has invested in pack lines and coolstores to handle more volume
 - \$34m invested in FY16² and \$15m invested in FY17³
 - Post-harvest profitability improves on economies of scale
- Zespri and the kiwifruit industry are looking at offshore infrastructure to manage volume growth⁴
 - Optimises onshore capital process infrastructure
- Using offshore infrastructure in peak periods will improve New Zealand asset utilisation and revenues
 - Seeka's New Zealand pack lines and coolstores will operate at capacity for longer periods
 - Packing and coolstorage are tolled revenue points

New Zealand kiwifruit export value⁵
NZ\$billion

Seeka has invested in personnel, systems and capacity to handle more volume

1, 4. Zespri 5 Year Outlook, November 2017. Note in 2018, Zespri completed the first of the five years of licence sales
2. Seeka Analyst briefing pack, FY16, p10
3. Seeka Annual Report 2017, p2
5. Zespri Annual Review 2017/18, 2013 - 2017 data, p17; 2025 target, p3

New Zealand industry volumes growing with new gold variety

1. Class 1 submit is the industry-standard measure of kiwifruit volumes, being kiwifruit graded for export as the crop harvested is measured in trays (~3.5kg per tray) of kiwifruit

2. Since forecast, actual 2018 submit figures released of 157.6m trays

3. Zespri 5 Year Outlook, November 2017, p44

Competitive landscape in New Zealand

Seeka's largest competitors are kiwifruit orchard management and post-harvest businesses

FY17 (calendarised to 31-Dec-17)	Total Revenue	Estimated kiwifruit export market share (by trays)	Trays	Other produce and services
Seeka	\$186.8m ¹	21%	25.6m ¹	<ul style="list-style-type: none"> Avocados - Orchard management services, picking, packing and marketing, ~10% of NZ export market (210k export trays in 2017/18) Kiwiberry – Orchard management services, picking, packing and marketing Citrus – Packing Strawberries and blueberries – Packing² Seasonal produce – Wholesale Tropical fruit – import, ripen and supply to retail

Avocados are an emerging fruit for Seeka

Seeka is capturing value in new markets

- Export value of New Zealand avocados in the last 5 years have nearly doubled over the previous 5 year period¹
 - \$104.7m generated from New Zealand exports from 2017/18 season²
- In the 2017/18 season, Seeka handled approximately 10% of New Zealand's avocado crop³
 - Seeka's volume is growing through orchard syndication
- Seeka delivers a full orchard-to-market service
- Seeka exports mainly to the high-returning markets, including Australia, South Korea and China
- Seeka positioned to benefit from larger avocado volumes with three packhouses capable of handling avocados

Seeka avocado volumes handled by season⁴
Thousands of avocado trays

Avocados are prone to biennial bearing producing larger crops on alternate years

Australian avocado production, imports from New Zealand and consumption⁵

1, 2. New Zealand Avocado Annual Report 2018, p22

3, 4. Seeka management – Seeka avocado volumes. Volumes handled refers to volumes packed and marketed by harvest season, which spans two financial years. Volumes are measured in industry standard trays (~5.5kg) of avocados

5. Talking Avocados, Spring 2017, Australian Avocados state of play: 2016/2017, p16

Australian operations

Seeka has a dominant market share in Australian kiwifruit and nashi, and is investing to grow volumes and margins

- Orchard investments will deliver growth over the next five years through increased production of more profitable crop type / varieties
 - Green kiwifruit and new gold variety in development
 - Planting new varieties of pears
- Seeka estimates it has over 80% market share of Australian kiwifruit, and 90% of Australian nashi
- Upgraded onsite packing and coolstore facilities to handle growth in 2017
- 2,655 mega litres of high reliability and low reliability water shares
- Psa occurrence
 - Psa like symptoms identified on new kiwifruit developments (14 hectares)
 - Additional 47 hectares in development not grafted
 - Seeka will continue with tolerant green variety on suitable root stock
 - 93 hectares of existing green production not affected
 - NZ's effective Psa management practices are being applied in Australia to minimise Psa effects

Kiwifruit volumes
Millions of kg

Nashi volumes¹

Pear volumes
Millions of kg

Sales by fruit
FY17A

Sales by fruit
FY18F guidance

1. 2017 Nashi volumes were reduced due to a hail event and mites. Seeka has put measures in place to prevent further mite issues

Seeka enjoys benefits of experience and scale

Industry experience, knowledge and relationships

- Establishing a kiwifruit orchard requires specialist experience, expertise and partnerships
- Seeka has 37 years' experience as a key player in the kiwifruit industry and strong relationships with orchard owners and service providers

Seasonal workforce

- Orchard, harvest and packing operations are labour intensive
- Seeka's annual payroll is ~1045 FTEs in New Zealand and Australia, employing more than 300 permanent staff and 3000 seasonal workers¹
- Workers must be trained and managed according to strict employment, health and safety regulations
- Seeka has invested in workforce recruitment, training and management practices

Capital

- Seeka has invested in increased processing capacity incorporating automated post harvest technology and advanced information systems
- The investments will enhance revenues and margins

Time

- Between 4-5 years before first returns from a new orchard. Seeka and its growers have already made time investment with 3,330 hectares actively producing for Seeka across New Zealand and Australia^{2,3}

Seeka capital investment for innovation and expansion⁴

FY18 Guidance

New Zealand kiwifruit volumes rebound

- Seeka kiwifruit volumes to June 2018 increase by 21% on pcp¹

Kiwifruit volume loadout
Trays²

1. Prior corresponding period
2. Seeka management

Guidance for FY18 full year results

- Full year EBITDA guidance of \$24.0m - \$25.0m expected to be up by between 4% and 8% on pc of \$23.1m
- Full year NPAT guidance of \$6.5m - \$7.2m expected to be up by between 12% and 24% on pc of \$5.8m^{1,2}

FY17 – FY18F EBITDA bridge
NZ\$million

NPAT
NZ\$million

1. NPAT is based on normal tax rates applying in New Zealand and Australia. The increase of 12% - 24% in NPAT against 2017 is due to a number of non-recurring negative adjustments that occurred in 2017. This included a \$2m impairment of goodwill and a \$1m deferred tax adjustment.
 2. Subject to any valuation or impairment adjustments and at notional NZ and Australia tax rates

Appendix

Appendix: Risks and mitigants

As with every horticultural business, Seeka faces risks including: government policy, trade access, health and safety, natural disasters, pest and disease, and product contamination

Risks to production		
Climate	<ul style="list-style-type: none"> • Every year, there is a risk of adverse weather events. • These could damage orchards (e.g. via flooding), damage crops (e.g. via hail) or affect crop yields. 	<p>Seeka actively seeks to mitigate climate risk by:</p> <ul style="list-style-type: none"> • Holding water rights in Australia • Geographical dispersion of orchards • Crop protection measures (e.g. frost protection) • Access to weather and frost forecasting technology • Good communication with orchard managers
Disease and pests	<ul style="list-style-type: none"> • Plant stock and crops could be damaged or destroyed by disease or pests • Residue could be found on fruit post harvest • Disease / pests could lead to crops being unable to be sold, closure of overseas markets, loss of market share and revenue • A quarantine pest could be located in a fruit production or handling region in New Zealand 	<p>Seeka actively seeks to mitigate disease and pests risk by:</p> <ul style="list-style-type: none"> • Geographic separation of orchard • Orchard hygiene program and spraying / pest control program • Bio-security controls to prevent introduction of disease • Documented response plan in event of pest outbreak and active use of pheromone pest traps • Active management of fruit drop on the ground which specifically works to minimise the risk of fruit fly • PSA risk reduced because Seeka has developed effective management actions to reduce its potential harm
Crop yields	<ul style="list-style-type: none"> • Yield variability needs to be managed to maximise profitability • Variability in yields can be due to excessive operating costs or poor management practises • Inter-orchard variability and inter-region variability 	<p>Seeka actively seeks to mitigate the variability of crop yields by:</p> <ul style="list-style-type: none"> • Innovation in growing practises and production forecasting • Optimised orchard locations • Fertiliser application programs
Risks to property		
Fire	<ul style="list-style-type: none"> • Premises occupied or owned by Seeka could be burned down and the contents destroyed 	<p>To reduce the risk of fire Seeka has:</p> <ul style="list-style-type: none"> • Approved protection equipment including smoke and fire detectors, alarms, sprinklers, fire hoses and extinguishers • Employed a third party company to regularly service and maintain fire detection equipment
